

Senior Care Plaza

We pride ourselves that we truly understand our residents' needs, wishes, hopes and dreams. We invite you to visit our home and see for yourself the atmosphere of home living and the comfort of knowing that you or your loved one will have a comfortable and enjoyable lifestyle. We also pride ourselves on the individual attention we give to our residents. Call today and schedule your visit.

*We are very proud of our facility.
Please come and visit us soon.*

Senior Care Plaza

COMMUNITY AND CARE

Under one roof, Senior Care Plaza delights its residents by providing a calm, community lifestyle – the same as they had throughout their life in the Mon Valley area. With "Care" as our middle name, our mission is to provide more than just the comforts of home. To experience the full range of care and community life at Senior Care Plaza, plan to visit us soon.

"CARE"
is our middle name

WELCOME TO SENIOR CARE PLAZA

Senior Care Plaza is a family-owned long-term care residence that provides a nurturing home and high quality care program for those who can no longer take care of themselves at an affordable price. Located on the main thoroughfare of McKeesport, Pennsylvania, a visit to Senior Care Plaza is an easy trip for family and friends. Our residents treasure their personal routines and independence.

To help each resident maintain their personal routine and to decrease the stress and expense that would be caused by traveling off-site, Senior Care Plaza strives to provide the highest quality of in-house care possible, always managed with the warmth and kindness of our thoughtful staff.

Each resident is unique and some require more assistance than others. An individual resident assessment is conducted as part of the admission process. A Personal Care Plan is reviewed with the resident and/or family so that the resident's needs are met. Assessments are reviewed on a periodic basis to keep care at the appropriate level. Caregivers and Team Leaders are on staff 24-hours a day, 7-days per week to monitor each resident's health needs and daily activities.

ACTIVITIES

Our Activity Staff is skilled at helping residents develop their personal interests, discover their potential, and really enjoy their recreational time. Staying active may very well be the best therapy for reducing the negative impact of aging. Our programs address the cognitive and physical aspects of our residents. Our 7-day-a-week program includes day trips, crafts, music and pet therapy, guest speakers and live entertainment.

ON-SITE AMENITIES

Another advantage of Senior Care Plaza is the inclusion of two major resources for seniors located within our facility:

Life Span is a senior resource center offering a variety of services and resources which promotes friendships and general well-being for adults over 60. Our residents enjoy these amenities as an additional benefit of being a resident at Senior Care Plaza.

Quest Diagnostics is one of the largest providers of global central laboratory services. Our residents are able to get blood work performed without leaving the facility and results are delivered directly to the resident's physician.
